

For Sale, Land, Field, Nicosia, Pedoulas, 623m²

High in the Troodos hills, Pedoulas keeps its
mountain villa...

For Sale : **€ 30,000**

Description
High in the Troodos hills, Pedoulas keeps its mountain village character: stone lanes, a close-knit community and the celebrated church of Archangelos Michail close by. This residential field for sale in Pedoulas sits within the village itself, with restaurants and cafés within walking distance and the slower pace of authentic Cypriot life all around.

The land covers 623 m² of smooth, even ground in an irregular shape, with direct road access. Its residential zoning makes it a natural place to plan a home of your own, rooted in a setting with a strong local identity rather than a resort or a busy town.

Everyday needs are well covered. A school, petrol stations and public service offices are a short drive away, as are the neighbouring villages of Moutoullas and Prodromos. A supermarket, main roads and a bus station are within a drive. For weekends, the forest trails and green spaces of Troodos National Forest Park are a short drive from your door.

A well-proportioned piece of land in the heart of one of the mountains' most characterful villages, with the cool hills and the forest close at hand.
