Description
A field for sale in Kampia, this is 4348 m² of agricultural land in an open countryside setting in the Nicosia district. The ground is sloping, giving a practical piece of farmland for cultivation or planting, and the field has road access. The village centre is a short drive away, as are the neighbouring villages of Kapedes and Politiko. Main roads and the Nicosia–Limassol motorway are within driving distance, so the land is easy to reach from across the district. This is a versatile piece of agricultural land in the countryside around Kampia.
