For Sale : **€ 52,000**

Description
Set within the village itself, this generous corner plot of buildable residential land in Palaiometocho keeps everyday life close at hand. Schools, a sports venue, the village centre, cafés and supermarkets are all a short drive away, as are medical centres, pharmacies and public service offices.

The land is almost rectangular, with a flat surface and direct road access along its corner position. This level, well-proportioned shape gives a simple starting point for a home on residential land, in a setting with a strong local identity.

When the weekend comes, the nature spots of Lefkovounos and Korakas are a short drive from the plot. Main roads are close by, and the motorway junctions link you to the wider Nicosia district. It is authentic Cypriot village life without losing touch with the city.

This sale is for a half share of the land. What stays with you is a level corner plot within the village, where a new home could take shape among the familiar rhythms of community life.
