Beyond the village of Psematismenos, open
Larnaca countrysid...

For Sale : **€ 260,000**

Description
Beyond the village of Psematismenos, open Larnaca countryside unfolds across 25 adjoining fields that can be brought together as one single holding. Together they form a large stretch of residential land of 34,717 m², and a dirt track passes through it.

The local planning allows holiday houses here, and the land is suited to division into plots or to a holiday home scheme. Picture a scattering of holiday homes set in the landscape outside the village, or a carefully divided layout of individual plots, each with room for a home.

Everyday life stays within easy reach. The village centre, with its cafés and shops, is a short drive away, and so is the Choirokoitia Neolithic Settlement, one of the area's best-known heritage sites. The sand and sea of Governor's Beach are a drive away, and Larnaca International Airport lies about 25 km off.

A broad sweep of residential countryside close to village life, heritage and the coast, waiting for the vision that will shape it.
