Village life, open countryside and easy links
across Larnaca...

For Sale : **€ 100,000**

Description
Village life, open countryside and easy links across Larnaca district come together in this residential field in Tersefanou. The ground is level and the land is generous, with direct road access. Its residential zoning opens the way to a home in a relaxed rural setting, with authentic Cypriot village life all around.

Everyday needs are a short drive away: the village centre, supermarkets, cafés, a school and a medical centre. For walks and weekends, Kiti Reservoir and the historic church of Panagia Angeloktisti in neighbouring Kiti lie close by, bringing character and a closer connection to nature. Both the Larnaca–Limassol and Larnaca–Agia Napa motorways are within easy reach. Larnaca International Airport is a short drive too, so the rest of the island never feels far.

This sale is for a one-fifth share of the land.

Flat, accessible residential land in a setting with a strong local identity, where the idea of a countryside home starts to take shape.
