For Sale : **€ 135,000**

Description
Village life in Stroumpi comes with everyday convenience close at hand. This residential field sits within walking distance of supermarkets and shops, with schools, restaurants, cafés and parks all a short drive away. It offers a setting with a strong local identity and room to plan a home.

The land extends to a generous 3345 m², with partly sloping ground that gives the site some natural shape. It has direct road access, and its residential zoning points clearly to a family home, a place to settle into the slower pace and close-knit community of a traditional Paphos village.

Beyond Stroumpi, the neighbouring villages of Polemi and Theletra are a short drive away. Main roads, the motorway and medical services are within easy reach for the rest of the week's needs. It is an uncomplicated plot in an authentic corner of Cyprus, with village shops close by and space to build the home you have in mind.
