For Sale : **€ 7,000**

Description
On the edge of Kato Koutrafas, a short drive from the village centre, lies an agricultural field of 11,372 m². The ground slopes, the shape is irregular, and the land borders government land on two sides. It has no direct road access. Its agricultural zoning makes it land for farming or planting, and the neighbouring villages of Pano Koutrafas and Nikitari are also a short drive away.

The sale is a 1/3 share of the field. It is a sizeable stretch of sloping farmland in the countryside of the Nicosia district.
