

For Sale, Land, Plot, Nicosia, Geri, 571m²

For Sale : **€ 139,000**

Description
For Sale | Large Rectangular Residential Plot of 571 m² Next to a Green Area with Right of Way in Geri, Nicosia
A large rectangular residential plot with a total area of 571 m² is available for sale in Geri, Nicosia District. The property is situated next to a green area, offering an attractive setting for buyers and investors seeking residential land with development potential.
The plot features a regular rectangular shape and an impressive frontage of approximately 21.07 metres, providing flexibility for architectural planning and the design of a future residential development, subject to the necessary approvals.
The property benefits from a right of way, providing a legal access arrangement that should be considered when planning future development. The exact terms and dimensions of the right of way should be verified through the relevant title deed and cadastral documentation.
The plot has a building density coefficient of 80% and a coverage ratio of 45%, with a permitted development of up to two floors and a maximum height of 10 metres.
Based on the total land area of 571 m², the building density coefficient corresponds to a theoretical buildable floor area of approximately 456.80 m², while the coverage ratio corresponds to a theoretical maximum ground coverage of approximately 256.95 m². These calculations are indicative and remain subject to the applicable planning regulations, development restrictions and necessary approvals.
One of the property's main advantages is its location adjacent to a green area, creating a pleasant residential environment and enhancing its appeal for future development.
The plot is situated in the wider Geri area, offering access to residential neighbourhoods, schools, supermarkets, shops and essential everyday services.
Important points of interest in the wider area include Geri Village Centre | University of Cyprus | Athalassa National Forest Park | Latsia | Nicosia General Hospital.
Combining its 571 m² land area, rectangular shape, 21.07-metre frontage, 80% building density, 45% coverage ratio, right of way and location next to a green area, this plot represents an attractive opportunity for buyers, developers and investors seeking residential land with future development potential.
