Village life, open landscape and room to breathe
come togeth...

For Sale : **€ 80,000**

Description
Village life, open landscape and room to breathe come together in this residential field listed in Kato Pyrgos. It offers a generous 4,250 m² of land, a short drive from the heart of the village. Restaurants, cafés, supermarkets and everyday services are all within easy reach, while neighbouring Pano Pyrgos and Pigenia add to the sense of a close-knit local community.

The land has an irregular shape and a sloping surface, which gives it a natural, landscape-led character, and it has direct road access. Its residential zoning opens the way to a home of your own, designed around the contours of the land and the rhythm of the Cyprus climate.

The surroundings reward a slower pace. The historic Gialia Monastery is a drive away, and the wider region is home to the Cyprus Mouflon Enclosure, a reminder of how closely this part of the island stays connected to nature.

Generous space, direct road access and the authentic side of Cyprus all around make this field near Kato Pyrgos a setting with real promise for a home.
