Description
Village life in the Limassol hills has a pace all its own, and this compact residential plot in Potamitissa sits within easy reach of it. The village centre is only a short drive away, with the neighbouring villages of Dymes and Kato Mylos close by. The heritage site of Timios Stavros is also within a short drive, adding a touch of history to the surroundings.

The land extends to 335 m² on gently sloping ground, with residential zoning that makes a home here the natural plan. Its modest size suits an uncomplicated project: a village house or a retreat with room around it to breathe.

Everyday needs are well covered. Schools, supermarkets and shops, cafés and restaurants, medical centres and pharmacies are all a short drive away, as are parks and green spaces. Main roads are a drive away when the coast or the city calls.

What stays with you is the setting: quieter surroundings, a close-knit community and the authentic side of Cyprus, waiting for a home of your own.
