Description
This field in Kalopanagiotis is a generous 12,375 m² of agricultural land in an open countryside setting, away from dense urban development. The ground slopes and the plot has an irregular shape, so it lends itself to farming or planting that works with the lie of the land. The field has no direct road access. Kalopanagiotis village centre is a short drive away, and the neighbouring villages of Oikos and Moutoullas and local petrol stations are also within easy reach. It is a sizeable piece of agricultural land in the hills of the Nicosia district.
