Description
This Cyprus field in Arediou covers 7358 m² of agricultural land in open countryside beside the village of Agioi Trimithias. The ground is sloping and irregular in shape, and its agricultural zoning suits farming or planting. The field has no road access of its own.

The villages of Paliometocho and Agios Ioannis are a short drive away, and the wider area is served by main roads, with the Nicosia–Deneia motorway within a drive. This is a versatile piece of farmland in the Arediou countryside, offering generous space to cultivate.
