Description
A short walk from the centre of Lysos, this residential field sits within the everyday life of a Paphos village. Cafés, restaurants and shops are all within walking distance, so the simple pleasures of village living are close at hand.

The land is regular in shape with a flat surface, and its residential zoning gives room for a home of your own. A level, well-proportioned piece of ground like this makes planning straightforward, leaving more of your thoughts free for how you want to live here.

Imagine mornings starting with coffee in the village square and afternoons spent by the water at Evretou Lake, a short drive away. The neighbouring villages of Meladeia and Melandra are also close by, adding to the character of this corner of the Paphos countryside.

A flat residential field at the heart of authentic Cypriot village life, ready for the home you have in mind.
