

For Sale, Land, Field, Paphos, Drouseia, 610m²

Restaurants and cafés right beside it, shops and green space...

For Sale : **€ 10,000**

Description
Restaurants and cafés right beside it, shops and green spaces within walking distance: this field for sale in Drouseia, Cyprus, puts everyday village life close at hand. It is a setting rooted in traditional Cypriot charm, where a slower pace and a close-knit community shape the days.

The land is zoned residential, so its general use is a home, and it has direct road access. Its smooth surface keeps things uncomplicated, and the irregular outline adds a little character to the plot. Neighbouring villages such as Ineia and Kritou Tera are a short drive away, as are petrol stations, while main roads link you to the wider Paphos district.

When the coast calls, the beaches are a drive away, including the well-known Toxeftra, and Paphos International Airport is about 25 km away. This sale is for a one-third share of the land.

It is residential land in Drouseia, with cafés next door and the authentic side of Cyprus all around.
