Description
This field in Orounta, in the open countryside of the Nicosia district, covers 1338 m² of evenly shaped land with a smooth, level surface. It lies a little beyond the village's homes, in a landscape-led setting away from dense urban development. The neighbouring villages of Peristerona and Meniko are a short drive away.

The field has no direct road access of its own, and it falls within a countryside protection zone. Its regular outline makes it a simple and uncomplicated parcel to understand.

A well-proportioned, level piece of the Cypriot countryside within Orounta's farmland.
