**Description**
For Sale | Rectangular Residential Plot of 586 m² with 19.20-Metre Frontage in Dali, Nicosia
An attractive rectangular residential plot of 586 m² is available for sale in Dali, Nicosia District, offering an excellent opportunity for buyers and investors seeking residential land with practical dimensions, registered road access and favourable planning coefficients.
The property features a regular rectangular shape and a frontage of approximately 19.20 metres, providing flexibility for the architectural design of a future residence and efficient utilisation of the available land.
A significant advantage of the plot is its access via a registered road, ensuring connectivity to the surrounding road network and making it a practical choice for potential residential development.
The property benefits from a building density coefficient of 60% and a coverage ratio of 35%, offering attractive planning parameters for the construction of a private residence or another permitted residential development.
Based on its total area of 586 m², these coefficients correspond to an indicative maximum buildable floor area of approximately 351.60 m² and an indicative maximum ground coverage of approximately 205.10 m², subject to applicable planning regulations and necessary approvals.
Located in Dali, a residential area within Nicosia District, the property offers access to the amenities and services of the wider region. Important points of reference include Dali Town Centre | Latsia | Geri | University of Cyprus | General Hospital of Nicosia, connecting the area with neighbouring residential communities, educational facilities and essential services.
The combination of its 586 m² land area, rectangular configuration, 19.20-metre frontage and registered road access makes the property an appealing option for buyers wishing to construct a modern family residence with comfortable indoor and outdoor spaces.
With its 60% building density, 35% coverage ratio and location in Dali, this residential plot represents an attractive opportunity for both private buyers and investors seeking land with future development potential.
