For Sale : **€ 185,000**

Description
In Dali's Panagia Evangelistria quarter, two first-floor apartments sit right beside a primary school. The town centre, with its cafés and restaurants, is a short drive away, so everyday life stays close at hand.

The two apartments share the same layout, and each is a complete home. Each has a living room, a dining room and a kitchen, two bedrooms and a shower room, and one has a second shower room. Covered verandas carry each home outdoors, a place for a morning coffee or a slow evening meal. Air conditioning keeps the rooms comfortable through the warmer months, and the building dates from around 2010.

Together they make a flexible living arrangement: two homes side by side on the same floor, for family members who want to stay close, or simply room to spread out. Both apartments are vacant. The sale is a 241/516 share of the property, covering both apartments.

Two homes, a school next door and the town within easy reach make an easy rhythm of daily life in Dali.
