Description
With parks and green spaces right beside them, these two adjoining residential fields in Avgorou come together as one large holding of 8,449 m². It is a generous stretch of land in a village setting, with greenery as its immediate neighbour.

Both fields have a regular shape and an even surface, so the land is simple to understand and to plan around. They front a road, giving direct access from the very first day. The residential zoning allows building on up to two floors, leaving room for a home with plenty of land around it.

Village life stays close at hand. The centre of Avgorou is a short drive away, and the Larnaca – Agia Napa Motorway is within a drive for longer journeys. Daily errands and the pull of the wider district both sit within easy reach of home.

Level, well proportioned and bordered by green space, this is land where a new chapter in Avgorou can begin on solid ground.
