Description
Tseri offers a community setting a short drive from Lakatameia and the wider life of Nicosia. Here, on residential land within easy reach of the community centre, a sizeable field of 3,521 m² is waiting for its next chapter.

The zoning points plainly to a home, and the permission allows building of up to two floors. That leaves room to picture a house shaped around your own plans, with plenty of land of your own around it.

Everyday life stays within reach. A school is a short drive away, and the Lefkosia South Orbital Motorway is easy to reach for getting around the capital and beyond.

It is an uncomplicated starting point: a large stretch of residential land in Tseri, with space to build the home you have in mind.
