Green surrounds this level residential field in Lythrodontas...

For Sale : **€ 159,000**

Description
Green surrounds this level residential field in Lythrodontas, a village whose traditional heart is only a short drive away. At 6,912 m², the land is large, and its flat surface makes it easy to imagine where a future home might take shape.

The zoning is residential, with room for a home of up to two floors. Picture a house rising here amid the greenery that frames the plot, with the village centre and its everyday shops a short drive away and neighbouring Mathiatis just as close.

A local road runs close to the field. The motorways linking Nicosia, Limassol and Larnaca are a drive away, so the wider island stays within reach while daily life keeps its village rhythm.

Level ground, green surroundings and generous size come together here, in a place where a home close to the character of Lythrodontas can begin.
