Parks and green space sit right beside this residential plot...

For Sale : **€ 30,000**

Description
Parks and green space sit right beside this residential plot in Kaimakli. They bring a welcome breath of nature to a convenient urban setting within Nicosia. Shops and cafés are within walking distance, so a morning coffee or the weekly errands can easily be done on foot.

The land is flat and rectangular, a simple, regular shape that is easy to plan around. It fronts a road and so has direct road access. The residential zoning allows a home of up to three floors, which leaves room to shape a private residence to your own design.

Picture a home rising here, with parkland next door and the life of the neighbourhood a short stroll away. The setting offers greenery on one hand and city convenience on the other, without needing to choose between them.

The sale is of a 33% share of the plot.

A level residential plot in Kaimakli, with green space at its edge and everyday Nicosia close at hand.
