For Sale : **€ 225,000**

Description
Open sea views and a coastline only moments away give this sizeable residential field in Pigenia, in the Nicosia District, its real pull. It is a setting with a close connection to the water, and the view across it is unobstructed.

The land covers 6,510 m² in a residential zone, where a home of up to two floors may be built. It abuts the main road between Kato Pyrgos and Pigenia, so it has direct road access, and it also has frontage on a registered road.

Picture a home here with the sea laid out in front of it and the shore a short walk away, with the port at Kato Pyrgos close by along the coast. The heart of Pigenia is a little way off, and shops, cafés and the village of Kato Pyrgos are within a short drive for everyday needs.

An honest, generous piece of land where the sea is the constant companion, and a home can be shaped around that view.
