Green open space on one side and the everyday
life of Aglant...

For Sale : **€ 115,000**

Description
Green open space on one side and the everyday life of Aglantzia all around: this residential land sits right beside a public green area, in a part of Nicosia where the University of Cyprus and local supermarkets are only a short drive away.

The field covers 7,972 m² within a residential zone, where homes of up to three floors may be built. It has direct road access, with frontage onto an asphalt road and a dirt road, and a further asphalt road is being built along another side. Government-owned land lies across from it.

Imagine a home here, with greenery as a neighbour and the shops, cafés and services of the municipality close at hand for daily errands. Main roads are easy to reach, so the rest of Nicosia never feels far away.

The sale is for a one-sixth share of the field.

A residential setting, a green border and the comforts of Aglantzia nearby give this land a quiet appeal that grows the longer you picture life on it.
