Description
On the scenic outskirts of Ora village lies a field of 2,007 m². The land sits in a special protection zone. It is reached by a right of way across neighbouring parcels that leads to a registered road.

Around it, the villages of Akapnou and Agioi Vavatsinias are a short drive away, and the Nicosia–Limassol motorway is within a drive for trips further afield. Ora's village centre is close by. The final word belongs to the land itself: a straightforward, uncomplicated field with a river stream running along one of its boundaries.
