Description
Picture warm evenings around the barbecue, high above the streets of Agios Nikolaos in Lakatameia. This modern top-floor apartment comes with its own roof garden of 102 m², reached by the building's shared staircase and fitted with a BBQ area, a generous open-air space for long dinners and slow weekend afternoons.

Inside, the kitchen, dining and living areas share one open-plan space, easy for everyday life and for having friends round. The master bedroom has its own en-suite bathroom, and a second bedroom sits beside a main bathroom, so mornings run smoothly. A covered veranda adds a sheltered spot outdoors, and a dedicated covered parking space on the ground floor keeps the car out of the sun. The building dates from 2012.

Daily life is close at hand. Schools, supermarkets and shops are a short drive away, as is neighbouring Strovolos, and the main roads are easy to reach for trips across Nicosia.

A comfortable home in a residential neighbourhood, with a roof garden waiting for its first summer evening.
