Description
Everyday life comes easily in Engomi. Supermarkets, shops and schools sit right beside the building, and parks and green spaces are a pleasant walk away, so the school run, the weekly shop and an evening stroll all start close to home.

On the fifth floor of an eight-storey block, this three-bedroom apartment opens from a welcoming hall into the kitchen and an open-plan living and dining area. It is the natural place to gather for meals and conversation at the end of the day. Three bedrooms and a bathroom complete a well-arranged layout, and the home was partly renovated in 2014. It also carries a B+ energy rating.

Step out onto the covered veranda for a sheltered spot in the open air, whether for a slow morning coffee or a relaxed evening. A dedicated covered parking space on the ground floor makes every return home simple.

A comfortable family apartment in a residential part of Nicosia, with the essentials of daily life right on its doorstep.
