For Sale : **€ 75,000**

Description
Athienou is a place where village life stays close at hand, and this residential field sits within that everyday world, with the primary school a short way off and local amenities nearby. It is a setting shaped by community, where school mornings and familiar errands set the gentle rhythm of the day.

Zoned for residential use, the land covers 4,683 m² and offers room for a home designed around your own plans rather than someone else's. The field has no direct road access.

Owning ground here means putting down roots in Athienou itself, among neighbours, family routines and the services that keep a village running. It is a starting point for a future home in a town with a strong sense of place. The sale is for a 41.67% share of the field.

A residential plot in the heart of Athienou's daily life, with the school and the village around it, is a fine foundation for what comes next.
