For Sale : **€ 90,000**

Description
Tsakilero brings the everyday rhythm of Larnaca close to home. Schools sit right next door, and restaurants and cafés are an easy walk away, so a morning coffee or an evening meal out is never far.

Here, a residential plot of 581 m² offers room for a home within the town itself. The ground is level and regular in shape, a straightforward canvas for planning a house, and the land has direct road access.

Picture the school run shortened to a short stroll, and weekends that begin with a wander to a nearby café. Set in the heart of Larnaca's residential fabric, this is a practical base for year-round city living, with the life of the neighbourhood all around.

The sale is for a 55% share of the plot.

Level ground, direct road access and a setting woven into daily Larnaca life give this plot a quiet, lasting appeal.
