

For Sale, Land, Larnaca, Ormideia, 8,302m²

Ormideia gives you village life with the essentials
close by...

For Sale : **€ 200,000**

Description
Ormideia gives you village life with the essentials close by. The village centre and everyday shopping are a short drive away, the neighbouring village of Xylotymbou is near, and the sea is within easy reach.

On the edge of this community lies a large field of 8,302 m² in a residential zone, with room for a home built to your own specification. It abuts a road along one of its boundaries, so it has direct road access.

Picture the first sketches of a private residence on land of this size, with Ormideia around you for coffee, errands and the school run, and the coast an easy trip away when the day calls for it. A sizeable stretch of ground in a residential setting leaves plenty of freedom in how a home might sit on it.

The sale is for an 80% share of the field.

A large residential field in Ormideia, with direct road access and the sea within easy reach.
