For Sale : **€ 175,000**

Description
In the Agios Georgios quarter of Latsia, close to neighbouring Lakatameia, this 597 m² plot has road frontage and easy reach of the Nicosia–Limassol motorway. Its planning covers both agricultural and residential use, so one part of the land suits farming or planting while the other offers room for a home. The sale is made as a share in the wider land, and a distribution agreement is in place. A compact, uncomplicated plot within Latsia itself.
