For Sale : **€ 125,000**

Description
Tseri keeps the easy rhythm of village life on the edge of Nicosia, with restaurants and cafés within walking distance and Lakatameia a short drive away. On this residential land there is room to picture a home taking shape, with evenings spent among the cafés and familiar faces of the village nearby.

Much of the groundwork is already done. A division permit has been issued to split the parcel into three plots, and a distribution agreement is in place. A home here could follow your own choices of layout, materials and finish, shaped around the way you want to live.

The land has no direct road access.

The sale is for a 58.51% share of the land.

It offers a residential setting in Tseri, with the village's cafés and daily life close at hand and a permit to divide the land already issued.
