For Sale : **€ 165,000**

Description
Right beside the Kato Vouno forest in Pera lies a sizeable residential field of 7,358 m², a place where woodland is your closest neighbour and the pace of city life feels far behind.

Its residential zoning gives room for a home, and it is easy to picture: mornings that begin with the forest next door, evenings that settle into the calm rhythm of village life. The land has no direct road access.

Pera's village centre, with its everyday shops and cafés, is a short drive away, and the neighbouring village of Ergates is close by too. For time outdoors, Tamasos Lake is also a short drive, adding another natural setting to an area already shaped by its landscape.

A residential field with the forest at its edge and a village around it, offering a setting where a home could grow alongside the trees.
