Close to Omega Beach and the port of Pyrgos,
this residentia...

For Sale : **€ 180,000**

Description
Close to Omega Beach and the port of Pyrgos, this residential land in Pigenia brings life by the coast within easy reach. Picture mornings on the sand and unhurried evenings by the port, with the village centre and its shops and cafés a short drive away.

The land covers 6,355 m² in a residential zone, and its division works are already complete. It comes as six separate plots, part of a wider division approved together with neighbouring parcels. The groundwork of the subdivision is behind you, leaving a clear, welcoming canvas for a new home near the sea.

Beyond the shoreline, the area keeps an unpretentious village character. Mansoura and Agios Theodoros Tillirias are a short drive away for everyday errands, and the heritage site of Gialia Monastery is within a drive.

A residential setting by the coast of Pigenia, with the beach close at hand and the plan already laid out.
