For Sale : **€ 92,000**

**Description**
Kampia is a village where daily life stays close at hand, and this sizeable residential field sits a short walk from its centre. A primary school is within easy reach, and the calm waters of Tamasos Lake are a short drive away for slow weekend afternoons.

At 4,330 m², the land offers generous room for a family home shaped around your own plans, whether that means a long, low house or one with plenty of space left around it. It has direct road access along a frontage on a dirt road, and state land borders it on several sides.

Residential zoning gives it a clear purpose: a home in a village setting, built at your own pace, with the life of Kampia and its restaurants just down the road. Picture mornings that begin with a short stroll into the village centre, and evenings that end on your own land as the light fades over the countryside.

A sizeable piece of Kampia, waiting for the home you have in mind.

## Details

Property Type: **Land** Status: **Available** Website

## Main Features

Height: **8**

## Area

Plot Area: **4,330m²**
