Description
In the Lythrodontas area, a short drive from the village centre and not far from the church of Profitis Elias, lies a field of 8,027 m². The village of Vavatsinia is also a short drive away, and Kapedes can be reached by car. The land lies within a protection zone. It has no direct road access. This is a large field that belongs to the Lythrodontas area, with the village and its neighbouring communities close at hand.
