For Sale : **€ 22,500**

Description
Two agricultural fields in the countryside of Pentalia, in the Paphos district, together cover 11,372 m². The land lies outside the village itself, with Nea Pentalia and Agia Marina Kelokedaron a short drive away.

The zoning is agricultural, so the fields lend themselves to farming and planting. The land has no direct road access. Together, the two parcels form a sizeable area of farmland in the Pentalia countryside.
