Description
In Pegeia, with easy access to the village centre and to Coral Bay, this detached two-storey house pairs a swimming pool and garden with a sizeable plot of 4,317 m². Covered verandas open from both main floors, offering shade for long afternoons outdoors. The beaches are a short drive away. Inside, the ground floor brings together a hall, a living room, a kitchen, a laundry room and an office. Upstairs, a second living room sits alongside four bedrooms, two of them with their own shower and wardrobe. The lower level is almost a home of its own: two further bedrooms with a shower and toilet, a kitchen, a living room and a playroom, together with a storage room and three covered parking spaces. Picture mornings by the pool, a family spread comfortably across three levels, and an easy drive down to the coast whenever the mood takes you. The land lies within a protection zone. Generous rooms, a pool and a garden, with Coral Bay close at hand: a welcoming family house with space to breathe.
