Description
A short stroll from the centre of Skarinou, this detached two-storey home lets village life unfold right on your doorstep. Shops, a supermarket, restaurants and cafés are all within walking distance, so a fresh loaf in the morning or an evening out with friends needs no car at all.

Inside, three bedrooms and two bathrooms are arranged across two floors, with well-proportioned rooms that suit everyday family life. Covered verandas extend the living space outdoors, a sheltered place for a slow breakfast or a long conversation as the day winds down.

Alongside the house stands a separate workshop with its own covered veranda and a basement beneath, giving you space to work, make or tinker just steps from home. Around it all lies a large plot of 1,747 m², which gives the house and workshop room to sit comfortably.

A home, a workshop and the heart of a Larnaca village within easy reach on foot: a combination that makes Skarinou feel like home from the very first day.
