For Sale : **€ 495,000**

Description
Village life in Tala begins close to your own front door here, with the village centre near at hand and neighbouring Kamares a short drive away. This welcoming family house sits on a generous plot of 1,152 m², giving it real breathing space within a residential setting.

Inside, the home is spacious, with three bedrooms and two bathrooms arranged over around 280 m² of covered living space, plenty of room for family life and for guests who come to stay. Outside, a private pool sets the tone for warm days spent at home, with a swim never more than a few steps away. A covered parking space keeps the car sheltered, a practical touch that makes daily comings and goings simple.

From here, the rhythm of a Paphos village is easy to fall into, with the nearby villages within easy reach for a change of scene. The house is currently occupied.

A spacious home with its own pool on a sizeable plot, close to the heart of Tala, and well worth a visit.
