A short walk from the shops, cafés and restaurants of Polis...

For Sale : **€ 3,380,000**

Description
A short walk from the shops, cafés and restaurants of Polis Chrysochous, and not far from the sea, this sizeable residential site sits beside the town's sports stadium with direct road access. Around it, homes and open parcels of land share a residential neighbourhood, with the town centre and the beaches a short drive away.

The plan is for a village of 95 two-storey maisonettes. One is complete, 37 stand unfinished, and work on the rest has not begun. Each home follows the same layout: an open-plan living, dining and kitchen space with a guest toilet on the ground floor, and two bedrooms with a bathroom upstairs. The warehouse and parking area of a neighbouring supermarket also form part of the sale.

Picture these homes finished: an easy evening stroll into town for dinner, a morning drive down to the beach, and Paphos International Airport about 35 km away.

The sale is of a 20108/22743 share of the property. A residential setting between the town and the sea, with homes already taking shape.
