Description
Set among residential streets in Agios Antonios, with the centre of Nicosia within easy reach, this three-bedroom apartment offers generous room to live, spread across the main floor and an attic above.

Days begin and end in the open-plan heart of the home, where the hall, the living and dining area and the kitchen flow together as one, and the veranda lets you step outside with a morning coffee. Three bedrooms and two bathrooms give everyone their own space. Upstairs, the attic adds a second sitting area with its own bathroom, a separate lounge to retreat to when the main rooms are busy. A private parking space and a storage area in the basement, both for this apartment's exclusive use, take care of the practical side.

Everyday life sits close by. Cafés and restaurants are within walking distance, and schools are right next door, so the school run can be a short stroll rather than a drive.

Unpretentious and spacious, it is a comfortable city base with room for the whole household to settle in.
