Description
Just beyond the heart of Lageia, this field opens onto authentic village surroundings, where open parcels of land sit alongside a scattering of homes. The centre of the village is close by, so everyday village life stays within easy reach while the land keeps its open, rural feel. At 10,664 m², it is a large piece of residential land, giving room for a home with generous space around it. Homes of up to two floors may be built. The shape is irregular and the ground is uneven, which any plans will need to work with. A footpath runs along one edge of the land. Beyond the village, the wider landscape invites exploring. Kalavasos Lake is a short drive away, as are the neighbouring villages of Vavla, Parsata and Ora, with restaurants and cafés also within a short drive. Picture a home rising here, set on open land on the edge of a living village, with the countryside all around.
