For Sale : **€ 340,000**

Description
Picture mornings in Mazotos, with the village centre and the beaches both a short drive away. This sizeable field sits in a residential part of the village, where homes stand alongside open parcels that are still unbuilt, giving the area a settled yet uncrowded feel.

The land covers 9,031 m², flat and even, in a neat rectangular shape that is simple to understand and pleasant to walk. Its residential zoning gives room for a home, and the local rules allow up to two floors. That leaves space to imagine a house sized to your own plans, with the open sky of the Larnaca countryside all around it.

The land has no direct road access.

What stays with you is the combination: level, well-shaped residential land in a village setting, with the beaches a short drive away for slow afternoons by the water.
