For Sale : **€ 330,000**

Description
Inside the old walls of Nicosia, in the quarter of Agios Savvas, this land sits in the area long regarded as the city's traditional commercial centre. Listed buildings, some lived in and some given over to trade, line the streets around it, and cafés and restaurants are an easy walk away.

Three adjoining parcels form a single holding of 759 m². The ground is flat and even, though irregular in shape. It has direct road access, with frontage onto two streets, and water, electricity and telecommunications can be connected.

The commercial zoning points to business use, and the source allows a building of two to three floors here. Picture a shopfront or offices opening onto the walled city's streets, among the listed buildings that give this quarter its character, with the everyday life of the old town on the doorstep.

A place to put down business roots in the historic heart of Nicosia.
