For Sale : **€ 330,000**

Description
Set within the village of Ormideia, this sizeable piece of residential land offers something every new home needs: a flat, even surface and a long frontage onto the road, giving it direct road access. Water, electricity and telecommunication services are all available, so plans can take shape on solid footing.

At 3,198 m², the land gives room for a home of up to two floors. There is scope to set out the house and its surroundings around your own priorities, from the very first sketch onwards.

Around the land lie open, undeveloped parcels and a scattering of homes, so the neighbourhood still feels open and uncrowded. Village life is close at hand, and everyday shops and schools are a short drive away.

Level ground, services in place and an open residential setting within Ormideia make this a calm, practical starting point for a home built the way you want it.
