Description
Shops, cafés and restaurants lie within walking distance of this level stretch of residential land in the Paphos village of Stroumpi. Four adjoining fields come together here to cover 5,146 m² in total. The fairly regular shape and flat surface make the ground simple to picture and to plan around.

The land has direct road access along its frontage, and water, electricity and telecommunications can be connected. Residential zoning means room for a home, with up to two floors allowed. Scattered houses and open, undeveloped parcels make up the surroundings.

Imagine a morning coffee in the village and a short stroll back to watch your own home take shape on flat ground. There are no slopes to work around, just a sizeable, even setting where a house can be arranged as you see fit.

A large, level piece of Stroumpi, close to the everyday life of the village and open to your own vision of a home.
