Open farmland and undeveloped parcels frame
these two adjace...

For Sale : **€ 292,000**

Description
Open farmland and undeveloped parcels frame these two adjacent fields in Frenaros, giving the land a relaxed rural feel while the village centre stays a short drive away. Together they form a sizeable holding of 6,291 m² in a residential zone, with room for a home of up to two floors set among the fields.

Picture a home here with wide open surroundings on every side and the rhythm of village life close by. Paralimni Lake, a local nature spot, is also a short drive away, along with the neighbouring village of Deryneia.

The land has no direct road access.

This is an uncomplicated stretch of residential land, where open countryside and the life of Frenaros sit side by side.
