For Sale : **€ 285,000**

Description
On the edge of Agia Varvara, three adjoining fields come together as one sizeable piece of residential land. Homes and open parcels share the surrounding area, giving it a settled village feel with room still left to grow.

Together the fields cover 7,025 m², and the land fronts the road along two of its borders, so it has direct road access. The residential zoning gives it a clear purpose: room for a home of up to two floors, with generous ground around it to shape as you wish. Electricity, water and telecommunications can be brought to the land.

Everyday life stays close at hand. The village centre, schools and shops are a short drive away, and the motorways towards Nicosia, Limassol and Larnaca are within easy reach of the area.

A large stretch of residential land in a village setting, waiting for the home you have in mind.
