For Sale : **€ 282,000**

Description
Two fields in Agios Epifanios Oreinis together make up 34,190 m² of agricultural land. They have direct road access and good links towards Nicosia. Around them lie undeveloped parcels and a few scattered homes, and the village centre is a short drive away.

The agricultural zoning makes farming and planting the natural use of this ground. Neighbouring Klirou is also within a short drive. This is a large stretch of farmland with its own frontage onto the road.
