Description
Agios Nikolaos in Lakatameia is a neighbourhood where homes, open plots and commercial buildings sit side by side, with good links towards Nicosia city. Here, a level residential field of 1,376 m² offers a fine starting point for a home of your own.

The land is a neat rectangle with a flat, even surface. It fronts roads on two sides, so it has direct road access. Water, electricity and telecommunication services already reach it. Its residential zoning gives room for a home, and up to three floors may be built.

Everyday life is close at hand. Schools stand right beside the land, and supermarkets and shops are within walking distance. Mornings can begin with an easy stroll for bread or coffee, and the school run can end at your own boundary.

A flat, well-shaped piece of land in a settled part of Lakatameia, close to the rhythm of daily life and ready to be imagined as home.
